Memorandum: COVID-19 update

During this trying time Central Alabama Wellness is staying true to our mission of service to our communities. We are here and willing to help those dealing with mental illness and substance abuse. The anxiety of times like these can start to mount up. We are here for you.

We have dedicated clean rooms available at each of our locations. However, we are encouraging all our patients to use our access line to call in for appointments. **205-651-0077**

Onsite Services at Central Alabama Wellness = When choosing to come into any of our offices, please be advised when you arrive someone will greet you at the door and perform a COVID-19 screener. If negative for the screener, you can enter and receive services. Dedicated rooms will be used for these sessions. The session will take place through telehealth services – video conferencing session. This will allow us to maintain the 6 foot requirement for interaction. Therapy services and psychiatric services are available at this time.

In addition to our onsite locations, we can perform telephonic services or possibly telehealth services – video conferencing session from your home. You can request a telephonic services appointment or telehealth services - videoconferencing session from your home through calling the access to care number and choosing the location you usually visit and make an appointment with the administrative staff at that location.
